50's clothing is optional but we encourage everyone to join in!

INTEGRATED EARLY CHILDHOOD COMMITTEE

Early Childhood Committee members participated in the annual spring literacy event at Conrad Ball Middle School on April 20. “I Love to Write Bracelets” and “I Love Reading Pins” along with early reader storybooks were given to the children.

The children colored “I Love to Write” crowns while they waited their turn to make their very own balloon animal with Jason the Balloon Man.

A big thanks to members Judy G, Eileen H., Sue T., Deb R., Miki R., Ruth S., and Pam S. who joined together at workshops this winter to cut the felt characters and cloth for career costumes, and to Marge M., Phyllis P., Judy G, and Stella T. for their seamstress work.

Thompson Early Childhood teachers received 46 career outfits (firefighter, construction worker, astronaut, mail carrier, nurse, Dr. vet, and chef) to go with the hats and helmets given previous years. Teachers also received 16 felt storybook packets for books “Little Quack Counts” and “Five Green and Speckled Frogs”.

Thank you,
Susan Kuhn, Chairwoman, Early Childhood Committee

Message from our President

Dear Philo Sisters,

WOW, they say time flies when you're having fun. I just want to say that I have thoroughly enjoyed serving as your Philo president this year. As a board we took our roles seriously but we also had a lot of laughs and fellowship along the way.

I want to thank all of the members that stepped up in leadership roles as chairpersons. Without you, the success of the organization would literally be impossible. To the general membership who generously gave of your time, your talents and your monetary contributions I am greatly appreciative.

Philo successfully achieved our goals of helping out the Loveland\Berthoud communities. I know that through our endeavors we have affected many lives in a positive manner. You should all be proud of your accomplishments!

You are in great hands in the year to come. Our year of celebration should be an exciting and fun filled one. It will take a lot of hard work and planning. But after all that's what we do, right?

Hard working, fun loving and life changing. I think that about sums up the mission we have established. Thank you all for your positivity and friendship.

Kind Regards,
Cindy Kurtz Philo president, 2016-2017
